

1. Airl is a highly positive influence in our community. Without it we are left not-so-appealing options to listen to throughout the day. We have an abundance of secular stations and only one good "Christian" rock station.
2. If we were to be left without Airl, I believe that it would be a huge loss to our community. Please understand the uplifting and encouraging nature of music that Airl plays. It provides an awesome alternative to the loud and obnoxious music that not everyone likes. Please help us keep our options.
3. Often times, music that is played on other stations can be extremely depressing and/or degrading to self or others, please recognize Airl music is uplifting and encouraging and provides a wonderful alternative to those flipping through stations and looking for something more positive.
